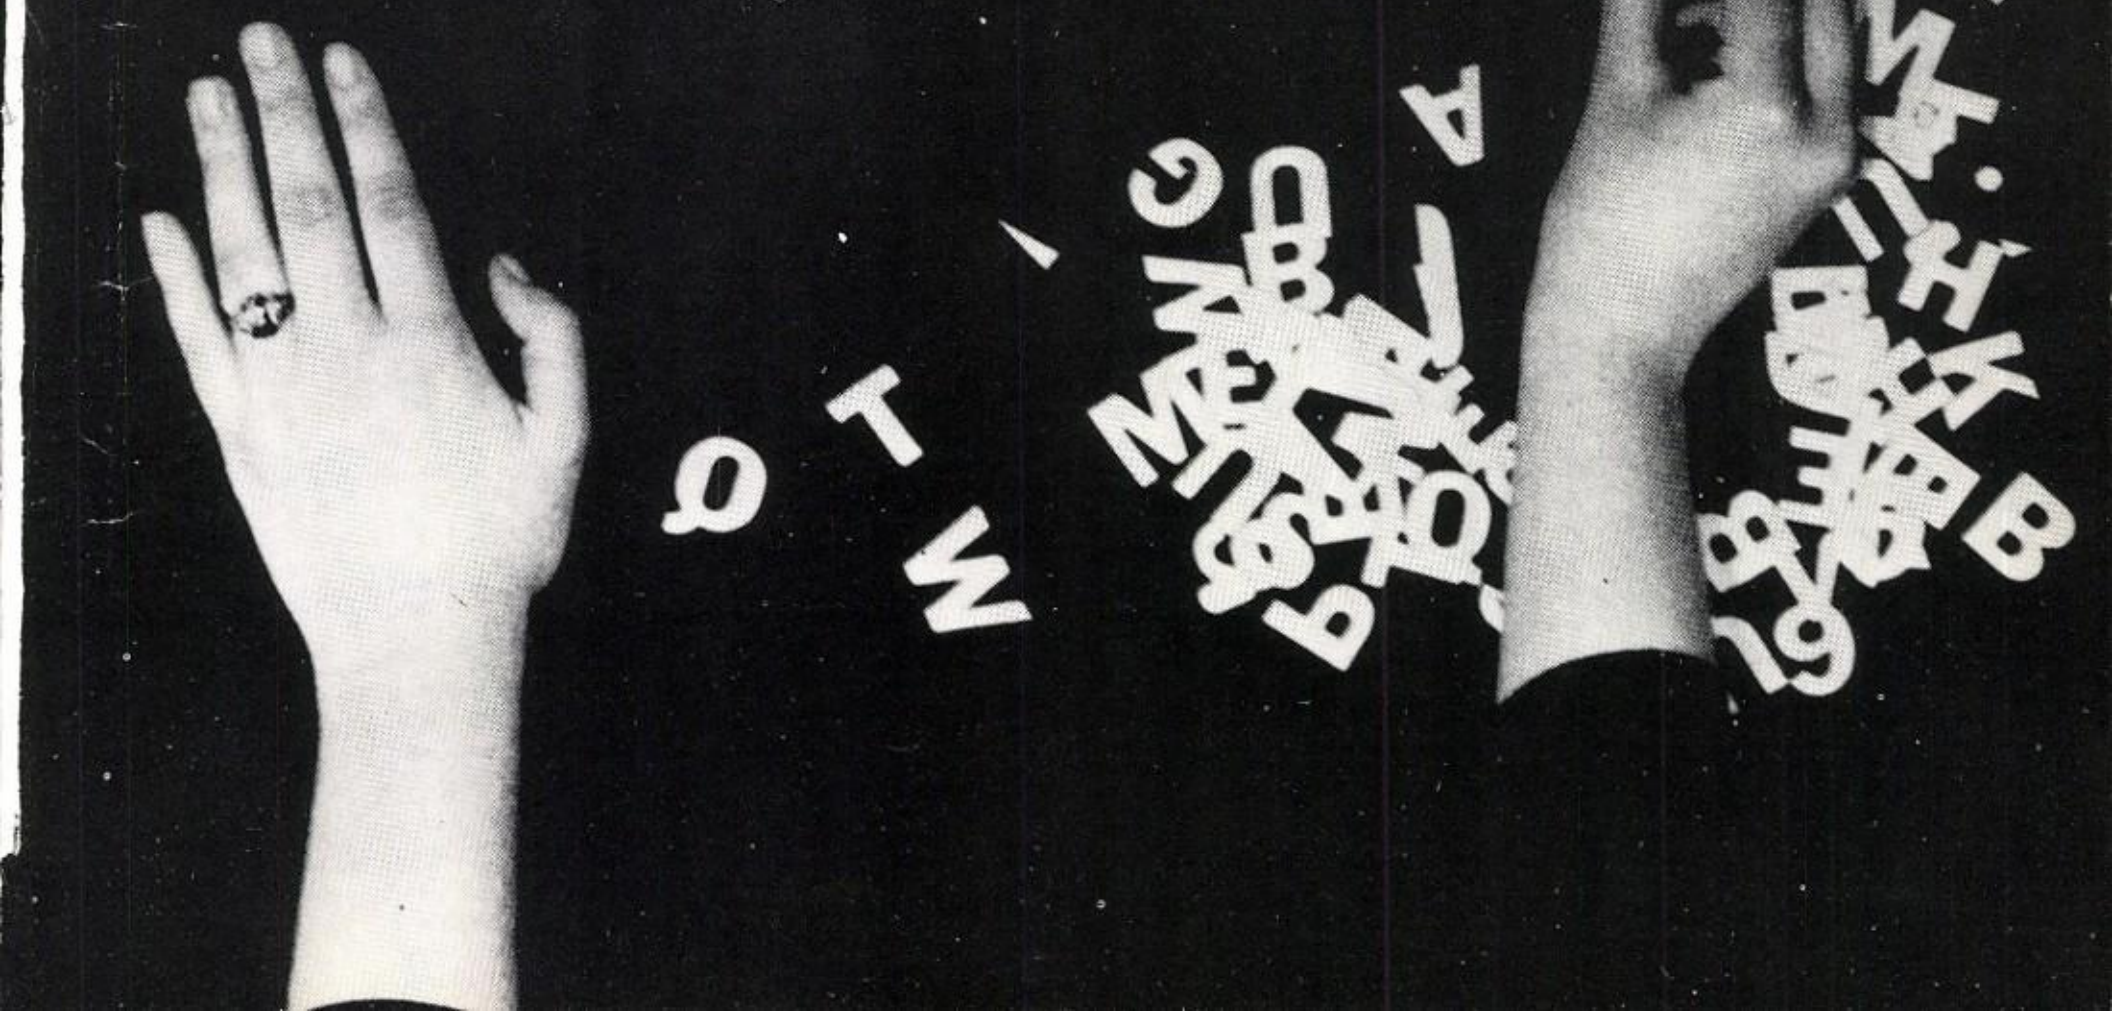
KEYSTONER

PRESENTED BY THE
CLASS OF 1960

NORWOOD—NORFOLK
CENTRAL SCHOOL

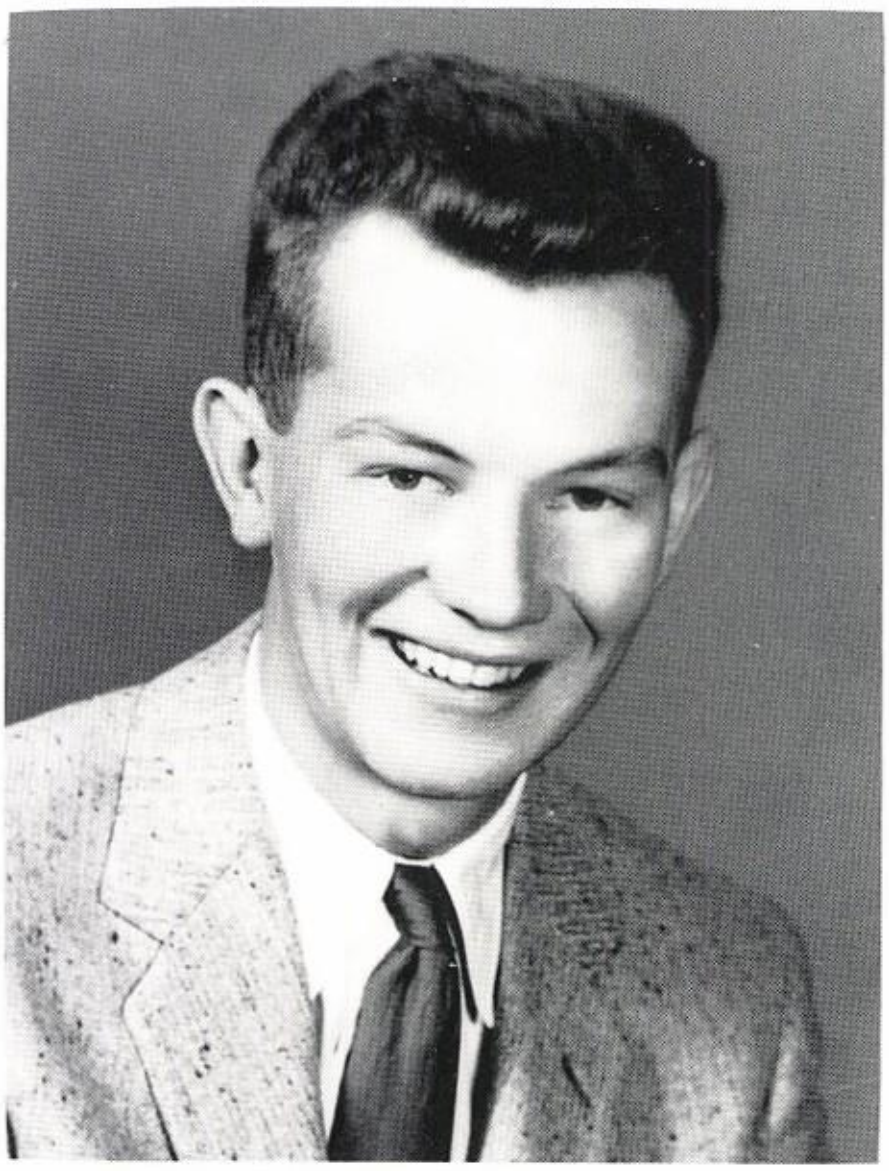
NORWOOD N.Y.

VOL. 2 NO. 1



Foreword

The Keystoner Staff and the Senior Class of 1960 leave this yearbook as a sincere tribute to our years at NNCS.



Mr. James Butler

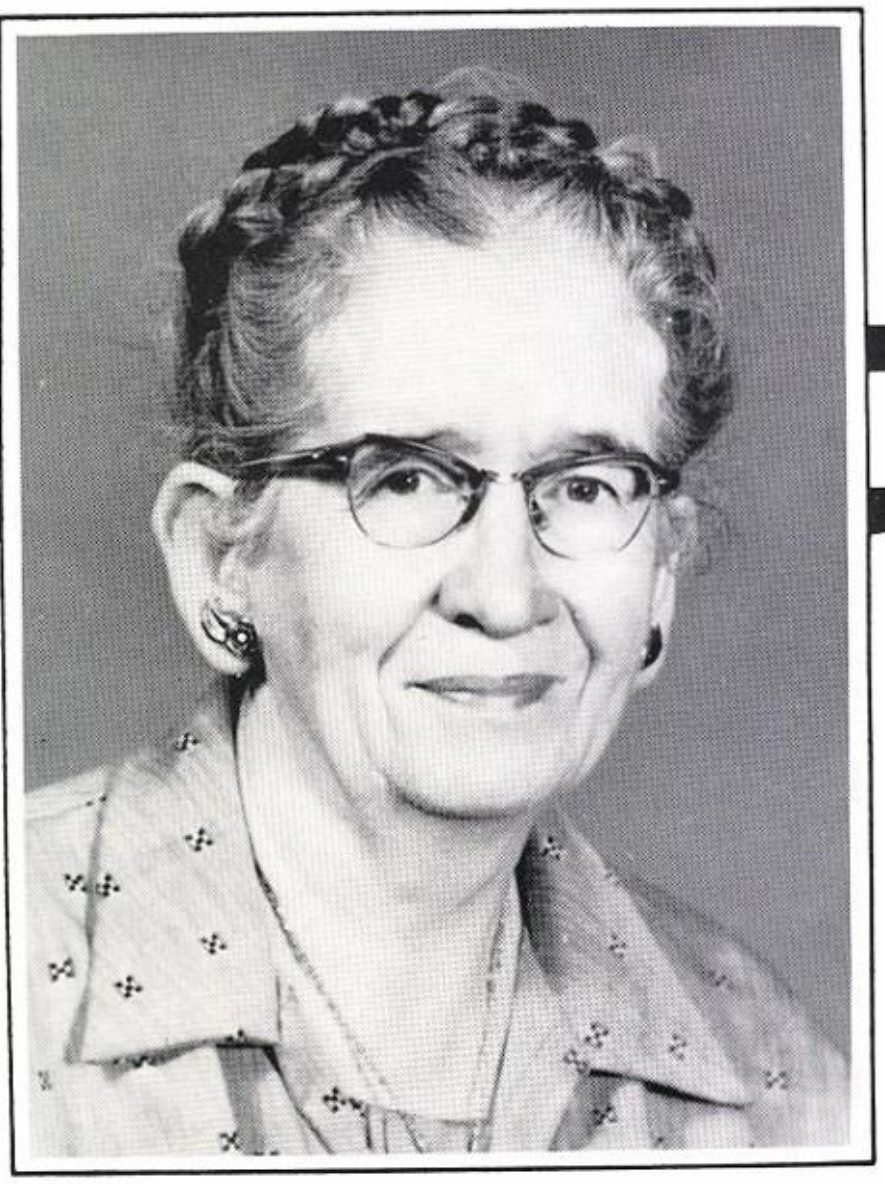
In Memoriam

"No, it can't be Jimmy, not Jimmy Butler!" These words were repeated time after time by friends and acquaintances of James Butler, 1959 graduate of Norwood-Norfolk Central School.

James Butler, son of Margaret and Leon Butler of Norfolk was killed instantly when the truck he was driving struck a tree at 9:30 p.m. October 23, 1959.

We who knew and admired him may forget the date, time, and circumstances. We may also forget his participation and interest in sports, music, and class activities. It is certain,however, that the impression he made upon us during his lifetime cannot be removed. Jim's death was a lesson to all of us; we are immortal only in the memories we leave and impressions we make.

Recognition



MISS EVA BISHOP

E Bishop
God luck!

We, the Senior Class of Norwood-Norfolk Central School, are happy to recognize Miss Eva Bishop in the 1960 issue of the Keystoner. For many years she has been a Latin teacher in this school system.

Miss Bishop, a perfectionist herself, sought always to instill that idea in her pupils. Her ready wit, her keen understanding of human nature, and her sympathetic regard for the problems of her pupils combined to make her an outstanding teacher in the memories of her students.

Administration

Administration

The Senior class of 1960 wishes to express its sincere appreciation to the faculty and administration of NNCS for their aid, support, and direction through the years.

The board of Education extends congratulations and cordial greetings to the graduates of 1960. As life is made up of successes and failures, all must know that the graduates of 1960 have been achieving successes. I urge each one of you to make every reasonable effort to continue with success in whatever type of honest and worthwhile endeavor you may choose to follow after graduation. Each one of you should feel that he or she has a very worthwhile contribution to give to society and should with all your God-given ability and strength be willing to deliver this gift. Your present achievement is an indication of your ability and willingness to labor faithfully. I trust that you may continue to succeed.

Best wishes to all.

In recent years we have had dramatically demonstrated to us that education is one of our society's primary sources of strength. Thus our American school system is dedicated to giving every boy and girl the opportunity and encouragement to climb as far up the educational ladder as his ability and ambition will take him. The total worth of our nation is measured in terms of its human and natural resources. The value of each individual to his community and, in turn to the nation, depends largely on the educational opportunities made available to him and the use that he makes of them in his life. You, the graduates of 1960, should continue to climb the educational ladder in order that you may contribute most to your community and in turn to our great nation.

My congratulations to the class of 1960 upon the successful completion of your secondary school studies.

Mr. Richard W. Hann

Education is a continuous process which does not end with graduation from this school. You must continue to educate and train yourself for membership in the community in which you are going to live. This is necessary for you as well as for others like you who will be the leaders of tomorrow. Congratulations to the class of 1960.

Clubicity

F.T.A. To Start Soon

The F.T.A. which usually meets the second and fourth Fridays of each month will have its first meeting sometime in October.

Mr. Kelly and Mrs. Bowhall are co-sponsors. Mrs. Bowhall recently attended a F.T.A. Northern Zone Conference in Potsdam.

The officers for this year are as follows:

President, Beth Sutton; vice-president, Marsha Maurer; Secretary, Alice Holtz; and treasurer, Pat Grady.

Club Forms

The Debate Club had its first meeting on September 16th. Elected officers are as follows: President, Connie Akland; vice-president, Judy Doran; secretary, Leon Wadleigh; and treasurer, Stephen Wing.

The faculty advisor is Mrs. Gallagher, who attended the zone conference to see about forming debating clubs for the county.

The purpose of the Debating Club is to teach the fundamentals of debate and objective thinking.

Radio Club Elects

The Radio Club elected the '59-'60 officers Oct. 6. They are: president, Gary Dumers; vice-president, Keith Barnes; and secretary-treasurer, Ed Walsh.

This year the Radio Club will set up an amateur radio station here in the school building. The station will be licensed by the Federal Communications Commission and only licensed operators will be eligible to operate it.

Last year three ham radio operators developed from a group of eight members. This year it is hoped that all or most of the members will acquire their licenses since special classes are being conducted for this purpose.

girl.

Q. What obligation are a boy and girl under when they are going steady?"

A. When a boy and girl take on the responsibility of going steady, they limit their social life to themselves. Dating other boys or girls is frowned upon, as are other social activities without the presence of your steady partner.

Q. Do you think a married girl should be allowed to attend school?

A. It is my opinion that all persons interested and willing should be allowed to attend school.

Q. Is 17 too young to be in love?

A. The fact that love is not measured in years suggests that two people can fall in love at any age. However, most girls and boys are not mature enough to really be in love until their late teens.

Do you have questions for the Answer Man? If so, write them out and leave them on the table in Room 22.

Could this girl be a student at N.N.C.S.? She sure is. She's a very active freshman. Do you recognize her yet? Here's one clue. It's Joan Nash.

VARSITY BASEBALL 1958-1959

Last year's Varsity Baseball squad did not have too successful a season. They had a record of three wins against seven losses. Although this record does not show much, the boys on the squad did not give up trying. The team will lose the services of five starting seniors, but with the help of some good juniors, this year's team should be very good. Good Luck!

J. V. BASEBALL 1958-1959

Last year's Junior Varsity Baseball squad had a very successful season. The team ended up with a record of 9 wins against 3 losses. Team spirit and the desire to play helped the boys to come through once more for Coach Baxter. Many of the boys on this team will be of great value to the Varsity squad next year. Good luck tonext year's team!

The team, made mostly of underclassmen, showed that they wanted to run and also that they will be much better next year. We hope that they show as much improvement as they did this year. Good Luck!

Varsity Basketball

This past year the Varsity Basketball squad did not have a very successful season. Although the record was no wins against 16 losses, the boys got a lot out of playing. Playing on a competing team and getting the good hard exercise that goes with it is vital to a high school athlete. In high school, the teams are not playing for money or any gold medal. Here they are just acquiring experience and having the fun of playing the game. This year, the scoring was led by Rodney Wolstenholme with a total of 189 points. He also won the foul shooting trophy. The team had a total of 680 points, while their opponents had 1033 points. Next year's team, with the help of the J. V's, should be much stronger.

Junior Varsity Basketball

This year the Junior Varsity squad had a record of three wins and thirteen losses. However, this record isn't so bad as it sounds. All through the year the boys were in the game trying their hardest, and with more experience they would have won more games. The team had a total of 432 points and their opposition had a total of 607 points. With a little more experience, next year's team should be very strong. Good luck!

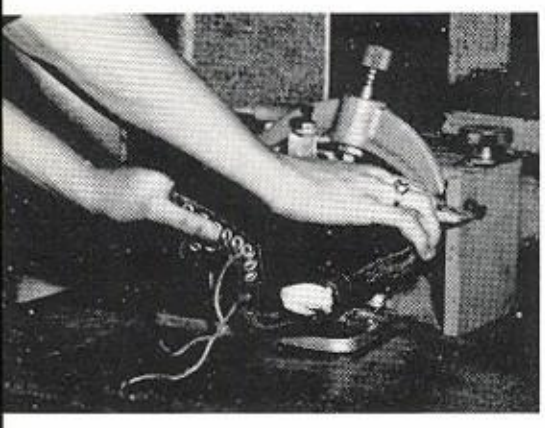
Hockey Team

Hockey '59-'60



After suffering major losses, through graduation, from last year's successful team, we were able to remain very "definitely in the picture" this year--by posting a total record of 4 won, 2 tied, 7 lost, and by playing many close games with several teams, the most outstanding of which was the 2-3 loss to Massena.

Of course the loss of such players as "Butch" Lavigne, Johnny Myers and Lee Richards will be greatly felt, but we are hoping that the promising fill-ins in next year's Freshman group will help to get us back into top brackets.
